

Accredited Light Meter Calibration Service

***K&S provides complete support for
diagnostic measurements!***

Features:

- Accredited by the American Association for Laboratory Accreditation
- Service designed to meet the needs of ACR/MQSA medical physicist measurements.
- NIST traceability for luminance (cd/m^2 or fL) and Illuminance (lux or fc)*.
- Calibration includes evaluation of linearity over a range of values for each parameter.
- Report includes “as found” and “as left” data.
- Quality procedures satisfy ANSI/ISO/IEC 17025:2005.
- 6 to 9 day turn-around is typical with faster service as needed.

* CIE Illuminant A, 2856K
